

REQUEST FOR SUBSTITUTION OF PARTY

I. Instructions

Use this form to request substitution of a party. For example, although an individual attorney may be listed as a party in a Petition, it is often the attorney's law firm or employer that entered an engagement agreement with the client or will pay or receive any money owed.

Requests are not automatically granted; substitution of a party will only be permitted if all parties consent to the substitution or an arbitrator enters an order permitting substitution.

- A. If you are the party requesting substitution, complete Sections II (Dispute Info) and III (Request for Substitution).
- **B.** If another party has requested a substitution, complete Section IV (Consent of Other Party).
