The information contained in the affidavit shall be stated with sufficient particularity to enable the Standing Committee to conduct its investigation. - c. Evaluation of References-In evaluating applications, the Examining Committee shall consider the knowledge, experience, and reputation for ethical behavior in the field of residential real property law of the references and the nature of the dealings between the references and the applicant in evaluating applications.
- d. Confidentiality-All materials and information received or used by the Standing Committee in connection with the certification or re-certification process, including, but not limited to, the application form and statements of reference, shall be confidential and shall not
